Donor Handbook Compliance Statement

I. Establishing a Fund

It is easy to establish your own named charitable fund as a donor of the Bryan Area Foundation. Our experienced, knowledgeable staff will work with you to choose the right fund for your philanthropic needs. As a donor you will follow these simple steps:

- 1. Determine your charitable purpose or intent.**
- 2. Select the type of charitable fund that best supports your purpose.** Our staff will outline your options and discuss advantages of each, including any restrictions you wish to place on the fund.
- 3. Complete a simple governing fund agreement.** Our staff will help you create a document that makes your intentions clear.
- 4. Select a name for your fund.** You may use your name, that of a family member, the name of a favorite cause, or a name that allows you to remain anonymous.
- 5. Designate current fund contact.** The fund contact's role is to suggest to the Foundation's Trustees which causes the Fund chooses to support. Advisory privileges are reserved for Donor Advised Funds only.
- 6. Receive tax deduction.** Your gift will receive a tax deduction at the time the fund is established and when you make additional contributions to the fund.

Once your fund is established you may:

1. Add to the fund at any time.
2. Specify how grant disbursements are to be acknowledged – whether in the name of the fund or anonymously.
3. Recommend distributions to qualified charitable causes and organizations if you've established a donor advised fund.

Fund Agreements

The legally binding fund agreement that a donor signs to establish an endowment fund ensures compliance with the applicable rules and regulations of the Internal Revenue Code (the "Code"). The agreement reflects an irrevocable gift transaction so that the donor receives the maximum tax benefit allowed by law. This ensures the Foundation's continued status as a public charity. Any failure to comply with the IRS rules and regulations could potentially deprive the donor of the tax benefits of a charitable contribution to a public charity.

The fund agreement also provides variance authority, which reserves the right of the Foundation's Trustees to modify any restrictions or conditions on the distribution of funds for any specified charitable purpose or to specified organizations if, in their sole judgment, such restrictions or conditions become, in effect, unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the area served by the Foundation.

Types of Funds

The Bryan Area Foundation offers a variety of funds to allow donors the opportunity to customize their gift.

- ◆ **Acorn Fund** is created with the goal of eventually becoming a named endowed fund. This fund can be started with an initial deposit of at least \$1000. The Foundation's guidelines require that the fund reach at least \$5,000 in five years.
- ◆ **Named Endowed Fund** is meant to last forever in perpetuity. The Foundation requires an initial deposit of \$5,000, and the fund must have a balance of at least \$5,000 in order to issue grants.
- ◆ **Community Fund (Unrestricted)** is an unrestricted fund that is used to provide grants that address the most urgent needs of our community. You may choose to establish a fund in your name allowing BAF to determine where grants will do the most good. Community Funds offer maximum flexibility to react to the changing needs of the community. The minimum gift to establish a Community Fund is \$5,000.
- ◆ **Administrative Support Fund** provides support for the ongoing operations of the Bryan Area Foundation. The minimum gift to establish an Administrative Support Fund is \$5,000.
- ◆ **Organizational Endowment Fund** is a form of a designated fund where the donor is a nonprofit agency or organization contributing funds to provide current income and long-term security for its operation. The minimum gift to establish an Organizational Endowment Fund is \$10,000.
- ◆ **Field of Interest Fund** allows you to support an area of charitable interest defined broadly, such as "education". You can also select a defined geographical area or specific community to benefit from your named fund. Field of Interest Funds can be established for a range of causes from arts and culture to health care. The minimum gift to establish a Field of Interest fund is \$15,000.
- ◆ **Designated Fund** is created to ensure that support will be provided to one or more specific charitable organizations chosen by you. BAF ensures that disbursements are made to the appropriate charitable agencies or causes as specified in the establishing fund document. The minimum gift to establish a Designated Fund is \$25,000.
- ◆ **Scholarship Fund** supports students at an institution (college or technical school), students in a particular field of study, or students from a particular high school. The minimum gift to establish a Scholarship Fund is \$25,000.
- ◆ **Donor Advised Fund** is a flexible tool for charitable giving, operating much like your own personal family foundation. You contribute to your fund when it is most convenient and then recommend grants over time to nonprofit organizations of your choice. You select the fund name and then enjoy making grants to the causes you care about. Grants to individuals, including scholarships, are not permitted by law by a Donor Advised Fund. The minimum gift to establish a Donor Advised Fund is \$100,000.

Governing Rules and Regulations Applicable To All Component Funds

Nature of Funds. Each component fund shall be the property of the Bryan Area Foundation, Inc. ("Foundation") held in its normal corporate capacity. It shall not be deemed a trust fund held by the Foundation in a trustee capacity.

Establishment of Funds and Distributions. Component funds may be established by the donation or transfer of assets of money or property whether by contribution, gift, or bequest, or by transfer from a charitable or other organization ("Contribution") to further or carry out the purposes of the Foundation as set forth in the Articles of Incorporation. The establishment of component funds is designed as a means of encouraging donors to provide funds to further the Foundation's charitable, educational, scientific and religious purposes within the meaning of Section 170(c)(2)(b) of the Internal Revenue Code as revised from time to time. Distributions from component funds shall be used only to support charitable activities which further the charitable purposes of the Foundation.

Control of Funds. All gifts, and income derived therefrom, made to the Foundation are irrevocable and are subject to the legal and fiduciary control of the Foundation Trustees.

Identification of Funds. Each fund, other than the Unrestricted Community Fund, shall be recorded on the books and records of the Foundation as an identifiable fund and may be given a name or other designation as reasonably requested by the donor within limitations which may be established by the Foundation's Board of Trustees from time to time.

Variance Power. The Foundation Trustees retain variance power over all component funds. This variance power, as required by law and stated in the Foundation's Code of Regulations, allows the Trustees to modify any restrictions or conditions on the distribution of assets.

No Restriction Permitted. A donor may not impose any material restriction or condition which prevents the Foundation from freely and effectively employing the contributed assets, or the income derived therefrom, in furtherance of the charitable purposes of the foundation.

Spending Policy for Funds

The Trustees of the Foundation determine the annual spending amount distributed by each fund by multiplying the distribution percentage (determined annually by the Trustees) times the fund's average balance for the previous 8 quarters, as long as the fund balance does not fall below the minimum required fund balance. Available to spend amounts will be based on the above as of the end of the previous year.

The donor, upon establishing the fund, chooses to follow the Foundation's standard spending policy.

Asset Manager/Investment Policies

The Trustees, through the Investment Committee, have ultimate responsibility for selecting asset managers and determining all asset allocations, performance objectives and all matters pertaining to the funds held by the Foundation. The Foundation has the right to make a change in an asset manager at any time if in the best interest of the Foundation and the endowment fund.

Investment decisions are based on the following:

1. Preservation of Capital – Investment recommendations should be made with reasonable efforts to preserve capital, understanding that losses may occur in individual securities.
2. Risk aversion – Understanding that risk is present in all types of securities and investment styles, and that some risk is necessary to produce long-term investment results.

Inactivity Policies

An Acorn Fund has five years to reach \$5,000. Should it fail to reach that goal, the fund contact will be given 60-days notice before the funds revert to the Community Fund.

IV. Fund Contacts

Designation of Fund Contacts

In order to protect your fund and ensure proper communication, all contacts to an endowed fund must be documented with the Foundation. All records pertaining to your fund are confidential.

The original donor may also add or change advisors by a direction in his or her will. Successor advisors cannot appoint additional successors.

The Foundation allows successor advisor privileges for two generations (original donors children and grandchildren). At the end of two generations, the Foundation shall determine how assets are distributed consistent with the donor's charitable interests as outlined in the original fund agreement or by considering any relevant information about the donor's particular civic or charitable interests. The Investment Committee along with the Foundation staff monitors performance of component funds.

The overall objective of the Foundation is to preserve and protect principal while averting risk. This is accomplished by:

1. Maximizing interest and dividends
2. Achieving a balance return of current income and modest growth of principle.
3. Emphasizing long-term growth of principle while tolerating short-term volatility that is consistent with the volatility of a comparable market index

The Investment Committee reviews the investment objectives at minimum quarterly or as the financial markets may dictate.

Retention of Investments

The Foundation has entered into revocable agreements with financial managers for the actual investment of component fund assets in their general combined investment pools.

Endowment fund assets are commingled, for investment purposes, with those of other endowment funds. The Foundation, however, shall have no obligation to commingle assets for investment purposes and may, at its discretion, retain any assets received or hold the assets of a component fund as a separate unit for investment purposes.

Upon request, the Foundation will provide investment information to the public, including the names of investment manager, investment and administrative fees, and committee members responsible for the Foundation's investment objectives, policies and decisions.
